

Order Information

Call or email us to get your order going. We can fax you sizing and design worksheets. Many stock and custom items can be ordered from our secure online site.

Terms

Before production begins on your order we need one of the following:

- A. Prepayment by cash, check, Visa, MasterCard, Discover, or American Express.
- B. 50% Deposit by cash, check, or credit card (balance of payment is due before order is shipped).
- C. Purchase order: Official P.O. from institution with approved credit, billed net 30 days.
- D. Credit card number (to be held until check arrives).

Delivery

Delivery times are based upon size of order and production load. We will make every effort to accommodate your event schedule. During non-peak times orders are shipped within 2-3 weeks, during peak seasons delivery times will be longer. Plan ahead for best turnaround.

Shipping

All domestic orders are shipped ground. Faster service is available for additional cost. Our carriers require a street address for delivery (no P.O. boxes). Our minimum shipping charge is \$6. Contact us for international shipping rates.

Changes to your order

We understand that athletes come and go during the selection process, and that you will need to make changes to your order while it is in production. We will try and accommodate this reality, but keep in mind that any change may incur extra charges and/or may lengthen the turnaround time. Changes to delivery addresses once the order has been processed are made at the risk of the customer.

Guarantees>Returns

JL guarantees all of our products for quality and workmanship. We will replace or repair any product to your 100% satisfaction. Any unused JL product that has not been embellished can be returned for a full refund.

Alterations

"Fit" is what JL is all about, so we will alter any of our garments to make it fit you correctly. Just send us your clean garment and instructions on how to make it fit you better. Some work may incur charges.

Fabrics

Stretchable Fabrics

(contain Lycra™)

Technical

Coolmax™ (white, black, navy, red)

Wicks moisture away from the body, performs well in even the most humid of conditions. Looks and feels like the softest of cottons.

Drywick (white, black, navy, red, forest green, maroon, royal blue, orange, athletic gold)
A midweight wickable fabric, soft stretch, durable, rich color.

Polypropylene (black, navy, red)

Wickable and strong. Treated with anti-microbial, this fabric won't retain water or bacteria. Keeps its body for years of tough use. Polypropylene has the highest rating for Thermal Conductivity (superior insulation), and the lowest level of Moisture Regain, rated against both synthetic and natural fibers.

Brushed Polypropylene (black, navy, red)

Same fabric as above brushed inside, gives added insulation for warmth.

Malden Mills Polartec® PowerStretch® (black, royal blue and navy in stock, others available upon request)

Body-hugging 4-way stretch fleece, keeps you dry when you sweat and provides warmth without weight. Durable nylon outer layer is wind and abrasion resistant, soft polyester inner layer pulls moisture away from skin.

Non-Technical

Cotton/poly (20+ colors)

Soft to the touch, for all you cotton lovers.

Shiny Nylon (20+ colors)

Nylon content, shiny appearance. Fabric most associated with the term "Spandex."

Non-Stretchable Fabrics

Technical

Malden Mills Power Dry® (white, black, navy, red, forest green, royal blue, maroon, athletic gold, others available upon request)

Wicks moisture away from the body very quickly. This free-flowing fabric makes custom shirts and tanks comfortable in all weather. Won't bag or sag like cotton when wet, doesn't fade.

Cottonwick® (white, black, navy)

Combination of cotton outside, wicking polyester next to the skin gives this fabric great body, feel and performance.

Polarfleece™ (black, navy, others available upon request)

Made of recycled plastics, warm, soft and lightweight.

Ultrex (black, navy, red, royal blue, forest green, burgundy, neon yellow, gold, orange, others available upon request)

Breathable shell fabric used as wind/water protection.

Sizing

We have been using **Variable Sizing** since our beginnings. This is a unique sizing method that will provide you with the most exact fit for your body. Given accurate measurements, we guarantee that your suit will fit--even if you have a super-long waist, huge quads, or a very broad back. At no extra charge, we will add an inch to your torso length, put an extra large top on a large bottom, or a small top on a medium bottom.

Sizing for Teams

Team members are fit using JL variable sizing. We provide a team sizing sheet where you simply fill in the blanks. Each suit will come separately wrapped, marked with the athlete's name--no confusion at the receiving end. Call or email us to obtain a team sizing sheet, or download a men's or women's specific sheet from our website.

Basic Sizing (not for suits)

You can use these simple matrices as guidelines when ordering tops and bottom garments separately. They are based on evenly proportioned body shapes, anyone outside of the matrix should contact us with measurements for a more accurate fit.

Shorts, Trou, Tights

Shorts, trou, and tights are unisex. Men use your actual waist measurement in inches, not jean size. Women, keep in mind that ranges can be affected by height and weight.

men waist	US women pant	UK women trouser	D women pant	bottom size
26-28	0-1	2-4	28-30	XXS
29-30	2-4	6-8	32-34	XS
31-32	6-8	10-12	36-38	S
33-34	10-12	14-16	40-42	M
35-36	14-16	18-20	44-46	L
37-38	16-18	22-24	48-50	XL
40+				XXL

Technical Workout Shirts

These snug-fit shirts are unisex. What size you wear will depend on a combination of upper body breadth and overall weight.

		Men Weight and Chest Measurement (in inches and in pounds)					
		29-34	36-37	38-39	40-41	42-43	44-46
