

# JL Embroidery Worksheet: Basic Embroidery Oars with Text

This page will allow you to describe in detail Text with Crossed Oars basic embroidery for your garment. Fax it in with your order. Be specific! When writing text, use upper and lower case, or all capitals, as you would like it to be embroidered. Basic Embroidery fits within a 100mm diameter circle. We will size your design proportionately to fit this space, and to look great with the blades. For example, 4-5 letters across the shafts will be larger than the size of 15 letters arced above the blades. If you have specific requirements for the size of your lettering, please let us know. There is a separate sheet for Basic Text only, and one to help you with custom logos.

Quantity Discounts start at 9 units

### Text with Oars

Per piece embroidery \$3.50 for oars and up to 5 letters, add .50 for each additional 10 letters

Location  Left Chest  Center Chest  Right Chest

**Text and Style** (please be specific, use upper and lower case, or all caps, as you expect to see it embroidered. Check your spelling.)

Text arced above blades: \_\_\_\_\_

Helvetica  Times  Athletic Thread color: \_\_\_\_\_

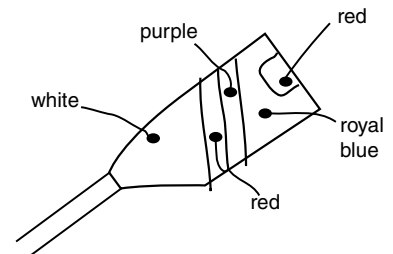

Text across shafts: \_\_\_\_\_

Helvetica  Times  Athletic Thread color: \_\_\_\_\_

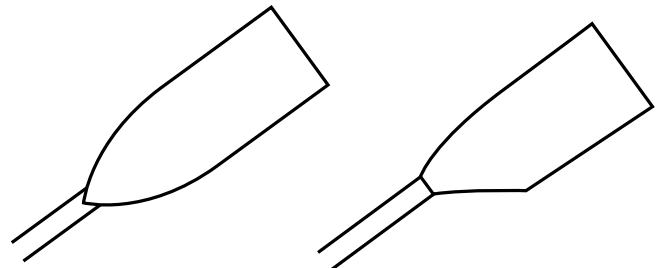

Text straight below blades: \_\_\_\_\_

Helvetica  Times  Athletic Thread color: \_\_\_\_\_

Your blades will look great. Where needed, we will use an outline to make them stand out. Unless specified, shafts will be graphite grey or white to contrast with fabric color.

sketch your blade, using color callouts as in the example above

### More possibilities!

Use our "Text Only" worksheet to add embroidery to the collar of your technical shirt, or below the back neckline. Individual names can be embroidered. Contact us for any custom logos.
